For the purpose of this Ordinance, the following words and phrases shall have the meaning ascribed to them in this section.

1. *Building Inspector.* Building Inspector shall mean the Board of Selectmen or any duly authorized person.

2. *Mobilehome.* Mobilehome shall mean any vehicle or structure used or so constructed as to permit its being towed on a public street or highway and/or used as a conveyance on the public streets and highways; whether licensed as such, or not, and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping place for one or more persons, and provided with a toilet and a bathtub or shower whether to be placed on a foundation or not.

4. *Mobilehome Space.* Mobilehome space shall mean a plot of ground within a mobilehome park designated for the accommodation of one mobilehome.

5. *Permit.* Permit shall mean a written permit issued by the Building Inspector permitting the mobilehome park to operate under this Ordinance.

6. *Trailer.* Trailer shall mean any vehicle used or so constructed as to permit its being used as a conveyance on the public streets and highways and duly licensed as such, and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping place for one or more persons, and not provided with a toilet and bathtub or shower and cannot readily be connected to a community sewer and water service. A Trailer under this Ordance shall also mean Tent Trailers, Truck Campers or other sleeping facilities other than a mobilehome and/or what normally constitutes a permanent dwelling unit.

as determined by the Building Inspector. The standards set forth in this Ordinance shall serve as guidelines.

4. *Non-Conforming Uses.* Any lawful trailer, mobilehome, trailer park or mobilehome park existing at the time this Ordinance or any amendment thereto is adopted, may be continued although such use does not conform to the provisions of this Ordinance. However, all trailer and mobilehome parks must comply with the Sanitary Laws and Regulations of the New Hampshire State Department of Health. No non-conforming use that has been discontinued for a period of twelve (12) consecutive months shall be reestablished except in conformity with this Ordinance.

Section 3 — Permits

1. *Permit Required.* It shall be unlawful for any person to construct, maintain, operate, or alter any mobilehome park or trailer park within the limits of the Town of Warner unless he or she or any firm holds a valid permit issued annually by the Building Inspector in the name of such person or persons or firm for the specific mobilehome or trailer park. The annual cost of this permit shall be $25. All initial applications for permits shall be made to the Building Inspector. Issuance of the permit by the Building Inspector shall be contingent upon (1) compliance with all Sanitary Laws and Regulations of the State of New Hampshire and approved by a majority vote of the Warner Planning Board and (2) compliance with this Ordinance.

2. *Issuance of Permits.* The Building Inspector shall annually renew such permit contingent upon compliance with all regulations in this Ordinance.

3. *Permit — Method of Application and Requirements.* Applications for permits shall be in writing, signed by the applicant who shall file with the application proof

of ownership of the premises or of a lease or written permission from the owner thereof together with a complete set of plans drawn to scale, showing the location of the proposed court, and which shall include:

(1) The area and dimensions of the tract of land.
(2) The maximum number, location and size of all mobilehome spaces.
(3) The location of any existing buildings and any proposed structures.
(4) The location and width of roadways and walkways.
(5) The location of water and sewer lines and the sewerage disposal systems.

Section 4 — Inspection

1. *Inspection of Mobilehome Parks.* The Building Inspector is hereby authorized and directed to make inspections to determine the condition of mobilehome and trailer parks located within the Town of Warner in order that he may perform his duty of safeguarding the health and safety of occupants of mobilehome parks and of the general public. The Building Inspector or his duly authorized representative shall have the power to enter at reasonable times upon any private or public property for the purpose of inspecting and investigating conditions relating to the enforcement of this Ordinance.

Section 5 — Location, Space and General Layout

1. *Location.* Mobilehome Parks and Trailer Parks may be located in rural areas, subject to the approval of the Warner Planning Board. No Mobilehome Park may be located closer than 200 feet to any right-of-way and no Trailer Park closer than 100′ to any right-of-way.

(1) The designated number of spaces.
(2) Necessary streets or roadways.
(3) Sewerage disposal system.

3. *Space Requirements.* Each mobilehome space shall be at least 50 feet wide and 100 feet deep and each trailer space 50 feet wide and 60 feet deep, and shall abut on a driveway or other clear area with unobstructed access to a public street. Such spaces shall be clearly defined and mobilehomes shall be so located that a minimum of ten feet clearance exists between any part of the mobilehome and the lot lines of the mobilehome space.

4. *Mobilehome Space Availability Required.* It shall be illegal to allow any mobilehome to remain in a mobilehome park unless a mobilehome space is available or a trailer where there is no trailer space.

Section 6 — Roadways

1. For fire prevention and protection every mobilehome and trailer park shall have access to a public street either by directly abutting thereon or by means of a private hard surfaced roadway not less than twenty feet wide. In all mobilehome and/or trailer parks, roadways shall be well drained, adequately graveled, hard surfaced or paved and maintained in good condition. All roadways shall be lighted at night and shall have a light intensity at the center of the roadway of no less than two foot candles. 2. *Plumbing.* All plumbing in the mobilehome or trailer park shall comply with State and Town plumbing laws and regulations and shall be maintained in good operating condition.

3. *Sewage Disposal.* Mobilehome or trailer parks shall be served by a public sewage system or by a private disposal system which meets the sewer requirements of the State and Town. Each mobilehome space shall be provided with a satisfactory sewer connection. All sewage-disposal apparatus including appurtenances thereto, shall be provided, maintained, and operated so as not to create a nuisance or health hazard.

4. *Refuse and Garbage Disposal.* The storage, collection, and disposal of refuse in a mobilehome or trailer park shall not create health hazards, rodent harborage, insect-breeding areas, accident hazards, or air pollution. All refuse and garbage shall be stored in flytight, watertight, rodent-proof containers, which shall be provided in sufficient number and capacity to prevent any refuse from overflowing. Satisfactory container racks or holders shall be provided by the Mobilehome park owner or operator and shall be located not more than 150 feet from any mobilehome space.

5. *Reporting of Communicable Diseases.* Every mobilehome or trailer park operator shall maintain a register containing a record of all occupants using the park. Such register shall be available to any authorized person inspecting the park, and shall be preserved for a period of at least one year. Such register shall contain the names

and addresses of all mobilehome or trailer occupants stopping in the park. Every owner, operator, attendant, or other person operating a mobilehome or trailer park shall notify the local Health Officer immediately of any suspected communicable or contagious disease within the mobilehome park. In the case of diseases diagnosed by a physician as quarantinable, such owner, operator, attendant or other person operating a mobilehome or trailer park shall notify the Health Officer of the departure or the proposed departure of a mobilehome or its occupant, or the removal therefrom of clothing or other articles which have been exposed to infection.

Section 8 — Electricity

1. *Electric Installation and Outlet Requirement.* An electrical outlet supplying at least 110 volts shall be provided for each mobilehome or trailer space. The installation shall comply with all State and local Electrical Codes. Such electrical outlets shall be weatherproof. No power line shall be permitted to lie on the ground or to be suspended less than 12 feet above the ground.

Section 9 — Alterations and Additions

1. *Alterations and Additions.* No addition of any kind may be constructed to become a permanent part of any mobilehome. Skirting of coaches is permissible, but such skirting shall not permanently attach the mobilehome to the ground.

2. *Light Requirements.* The building shall be lighted with a light intensity of two foot candles (lumens) measured at the darkest corner of the room.

3. *Construction Requirements.* The building shall be a permanent structure of impervious material, adequately ventilated, and with all openings to the outside effectively screened, and be supplied with a floor drain.

4. *Toilet Requirements.* Separate toilets shall be provided in the ratio of one toilet for four females and one toilet for every six males. In addition, every male toilet room shall have one urinal for each sixteen males, but in no case shall any male toilet room be without one urinal.

1. *Penalty.* Any person who violates any provision of this Ordinance may upon conviction be punished by a fine

of not less than ten (10) dollars nor more than fifty (50) dollars; and each day's failure of compliance with any such provision shall constitute a separate violation.

Section 12 — Conflict of Ordinances and Validity

1. *Conflict of Ordinances and Validity.* In any case where a provision of this Ordinance is found to be in conflict with a provision of any ordinance or code of the Town of Warner existing on the effective date of this Ordinance, the provision which establishes the higher standard for the promotion and protection of the health and safety of the people shall prevail.
2. *Saving Clause.* If any section, subsection, paragraph, sentence, clause, or phrase of this Ordinance shall be declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this Ordinance, which shall remain in full force and effect; and to this end the provisions of this Ordinance are hereby declared to be severable.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated wood lands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush;
 a. Always get a permit to burn from the warden.
 b. Start your fire late in the day after 5:00 PM.
 c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodland, yours never to enjoy.

Currant and gooseberry bushes destroyed		2,180

REPORT OF THE POLICE DEPARTMENT

The Town of Warner, along with the rest of New Hampshire communities, has had its share of breaks and entries, with vandalism very much in the foreground. In one series of breaks, in which nine cottages were entered, approximately $2,500 damage was done to two of the cottages alone. As I write this report, I just received notice of about $3,000 damage to construction equipment.

This Department gratefully acknowledges the call from two public-spirited townspeople which resulted in the apprehension of three subjects in a home in the Couchtown section. It is this type of call that helps our Department to put a stop to these breaks.

Seven persons have already been before the District Court during 1965, charged with taking part in the breaks. One has been sentenced to State Prison; three are on probation with sentence not yet handed down; and three are under bail awaiting Superior Court hearing.

This Department, along with State Trooper Stover and Detective Smith, was able to have a fence in Manchester brought before the Court on receiving stolen property. A conviction in both the District Court and the Superior Court was obtained. It is worthy to note that when we are able to convict those who readily buy stolen property, we make it that much more unprofitable for the thief to continue these breaks.

Activities have grown in late years, demanding a great deal more time and travel by the Department as the following will show:

26 Break and Entry
28 Automobile accidents investigated
4 Domestic cases
2 Assaults
8 Vandalism cases
8 Notices of death or sickness delivered

5 Juvenile cases
6 Missing persons
12 Requests for assistance answered
1 Prowler
6 Motor vehicle complaints
21 Other complaints
3 Persons taken to the hospital
17 Other complaints settled out of court
4 Warrants served for other Departments
8 Other Departments assisted in apprehension of wanted subjects
276 Property inspection slips issued
11 Cases entered in District Court
8 Plead guilty and three are waiting for a Superior Court hearing

Your Chief alone, drove over 4,000 recorded miles and accounts for 493 hours on calls, plus the administration and record work time.

We all extend our congratulations to Troopers Sandler and Stover on their promotions to Corporals in the State Police. Both have been residents of our town for some time and have the town's interest very much at heart. As a result of his promotion, Corporal Stover was transferred to the Keene area and Corporal Fecteau was assigned to this section.

The cooperation of the Selectmen, State Police, police departments throughout the State, the Fire Department and other agencies have been of great help.

The many persons who have taken the time to write us to express their appreciation of the service this Department is trying to give the town, and still stay within our budget, are offered the thanks of all members of Warner Police Department.

ARTHUR E. STARKWEATHER
Chief of Police

REPORT OF THE PLANNING BOARD

In August the Planning Board was notified that Federal Financial participation had been approved for Warner's "701" Program. On October 15, 1965, the Governor and Council approved our Contract.

The Board immediately conferred with our Planning Consultant and outlined a schedule to complete our program as quickly as possible.

As it was physically impossible to complete a workable zoning ordinance for this Town Meeting, the Board concentrated its efforts on a Mobile Home Ordinance and Subdivision Regulation.

A public meeting was held in January to discuss the Mobile Home Ordinance and subdivision regulation. The Board considered all of the suggestions made at the meeting and incorporated some in our proposed regulations.

The Planning Board has placed two articles in the Town Warrant for your consideration. We ask your support for the adoption of these articles so that Warner may progress in an orderly manner and still maintain its natural environment.

Sincerely,

PAUL J. COLLINS, Chairman
Warner Planning Board

OUR NEW CEMETERY

Early in the spring of 1965 the Custodians of the New Cemetery engaged the services of a contractor and work was begun on the site which was given to the Town by L. Earl Nichols. Previous to the start of construction Mr. Nichols had cut many of the undesirable trees and bushes and had disposed of the trash by burning. The land was bulldozed and rough graded by Mr. Curt Gordon & Co.

At a later date Mr. Russell Ellsworth, with the assistance of his son Bruce, set grade stakes and Mr. Perry F. Young was engaged to further grade the land in preparation for spreading loam.

Early in July an arrangement was made with the State Highway Dept. to remove the top soil from approximately one acre of land owned by them near Stevens Brook. This was done and it is estimated that about 800 yards of loam was removed and hauled to the site. The Custodians feel that this loam is sufficient to complete the finish grading on the land presently laid out for use.

As the 1965 appropriation of funds was exhausted before all loam was removed from the land owned by the State, a special meeting of the budget committee was held and it was unanimously voted to spend a sum not to exceed the amount of $700 in addition to the appropriation of $2000 allotted for the project. The work was completed for the sum of $442.

It is expected that if sufficient funds are raised and appropriated at Town Meeting this year, work will again progress and it is hoped that the cemetery will be ready for use by late summer or early fall.

A number of Blue Spruce trees have been given to the town by Mr. Maurice Youmans to be set out to beautify the grounds and volunteers have made it known that they will donate their time to plot the land, map and number the lots, roadways, etc.

Further finish grading must be made and fencing with proper gates etc. must be erected before the land is used.

The Custodians feel that this new project has long been needed, will be a valuable asset to the town, and will serve its purpose for many years to come.

The following is a report of expenses incurred thus far together with a suggested list of rules and regulations.

Curt Gordon & Co. — Bulldozing & rough grading $1000
Perry F. Young — Grading & hauling loam 1442

First: No lots in the Cemetery shall be used for any purpose, except as a place of burial for the dead.

Second: No person can plant, cut or remove any shrubs or trees within the bounds of the Cemetery.

Third: All lots tablets or memorials shall be kept at surface level.

Fourth: All graves shall be provided with a vault or graveliner.

Fifth: The price of a single lot (10'x14') shall be $50 and a trust fund of $100 for perpetual care shall be requested at the time of sale.

The above rules must be flexible and changes made by the Custodians when the occasion shall arise.

ORTON F. HILL

LIBRARIAN'S REPORT OF THE PILLSBURY FREE LIBRARY

To the Trustees of Pillsbury Free Library:

At the annual Town meeting, Mrs. Jane Bliss, Mrs. Janice O'Rourke, and Mr. Alfred Cloues Jr. were elected to the Board of Trustees.

The Pillsbury library has become affiliated with the State Library Development Service. Through this we plan to provide better library service to the community. Committees have been established to recommend improvements in libraries and have regular meetings to work on these problems.

During the year the library purchased the Americana Encyclopedia. Sixteen new reference books have been added as a bonus through the State Library Development Service.

The library has already started to work on renovations and improvements. The new children's section which is larger is a great improvement. Many children use the library and I know many more will in the future now that we have room to accommodate them.

10,681 books have been loaned this year. 275 new books have been added.

The Civic Improvement Committee of the Warner Woman's Club lighted the tree on the library lawn at Christmas.

For donating books, magazines, pamphlets, pictures, and other material we wish to thank the following: Mr. John P. H. Chandler Jr., Mrs. Henry Frost, Mr. Herbert Sawyer, The Howard Family, Mrs. Arthur Turner, Mr. Nickerson Tuff, American Legion, Mrs. Stuart Fifield, Mr. Sculley, Mr. & Mrs. Southard, Mr. Kenneth Hunt, Miss Florence Seiders, Mrs. Edith Harriman, Mrs. Thomas Emerson, Mr. Kenneth Scott, Mrs. Milbur Peirce, Mr. William Proper, Miss Robyn Lord, Mr. John Boughton, D A R, Miss Marion

Derry, Mrs. Ansel Moshier, Mrs. A. Ashton Lakeland, Dr. and Mrs. Putman, Miss Lillie Carr, Mr. Orton Hill, Mr. Alfred Cloues Jr.

The trustees have met in the library for all their regular meetings.

Respectfully submitted,

EMILY M. GEORGE,
Librarian

WARNER SCHOOL DISTRICT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

In spite of the fact that Bradford, Warner and Webster voted overwhelmingly in favor of the Kearsarge Cooperative School District, it was defeated by the Hopkinton voters. Webster immediately joined the Merrimack Valley Cooperative Study which eventually became the Merrimack Valley Cooperative School District. Warner and Bradford joined the study involving Andover, Newbury, New London, Sutton, Springfield and Wilmot and you will vote, I hope favorably, on this program. Again Mary Martin, Bill Allen and Helen Dall have done excellent work and have been key members on the committee along with the capable committee from Bradford. Donald Peirce and Elmer Bartlett have been frequent attendants of the meetings. One could not have blamed them if they had quit after the failure of the first study, but they have worked harder than ever so that the children of Warner could have a greatly improved school program.

Warner is in the unenviable position of facing rising costs in education with a decreasing income. We have lost all our Newbury tuition pupils; Sutton with the exception of East Sutton, and we will lose some of our Webster pupils and within two years at the most will lose the rest of them. Even some of the Bradford pupils are moving in the New London direction. Warner would find it difficult to operate even a minimum program without tuition pupils, and it would be most expensive. In the next few years we must find a place for Warner children, and the Cooperative is one of the best answers. If the present study fails we will have to look for new areas. Let us hope that Cooperative does not fail.

At the Special School meeting called to vote on the acceptance of Federal Funds — Public Law 89-10 — to aid educationally deprived children, Warner turned down the

program on the basis that it meant Federal Control. First let me say that I do not want Federal Control of the schools any more than anyone else. This job is difficult enough without that added burden. However, the language of the Law is very specific in preventing such control. Section 604 of the law states, "Nothing contained in this Act shall be construed to authorize any department, agency, officer or employee of the United States to exercise any direction, supervision or control over the curriculum, program of instruction, administration or personnel of any educational institution or school system." It was no accident that the previous quotation was in the law. I can also state that we have been receiving Federal Funds to assist in strengthening the Math, Science and Foreign Language programs. In addition we have received funds for Hot Lunch Programs and Vocational Programs. Many of our main highways have been supported by Federal Funds to the tune of about 90% of the cost. Accepting Federal funds has considerable precedents.

There have been several changes in the teaching staff this year. Mrs. Barbara Callahan is the new second grade teacher and the only change in the elementary school. There have been numerous changes in the high school. Mr. Robert Bailey is the new shop teacher, Mr. Frank Gages, one of the new English teachers and he also teaches Social Studies and has charge of the library. Mrs. Ann James is a new English teacher. Mrs. Irene Shepard teaches French and English and Miss Virginia May is the new Home-Making teacher. This is almost a 50% turnover in staff at the high school level, plus the fact that Miss Blanche Bailey, our long time standby in music, also left. Mr. Leo Cormier will start teaching music in Warner January 31,

1966 when he completes his work at Plymouth State College.

Franklin Simonds recognized the need for a high school education and did something about it. After almost a century the need is even greater and we must adjust to meet that need for the young people of Warner.
